

CALL FOR PAPERS

12th Student Computing Research Symposium — SCORES’26

October 8, 2026 (Koper, Slovenia)
www.scores.si

About SCORES

SCORES (Student Computing Research Symposium) is an annual research conference jointly organized by University of Ljubljana, University of Maribor, and University of Primorska. Its goal is to encourage students to present and publish their research work in the domain of computer science and to facilitate cooperation and creativity.

We invite both bachelor’s and master’s students to submit research papers from all fields of computer science, including, but not limited to:

Artificial intelligence & Machine learning	Theoretical computer science
Human–computer interaction & AR/VR	Algorithms & data structures
Combinatorial optimization & Graph theory	Parallel & distributed computing
Data science & Bioinformatics	Computer graphics & Computer vision
Blockchain technologies & Cryptography	Software engineering
Information & Database systems	Computer architecture & organization
Intelligent systems & Pattern recognition	Programming languages & Compilers

Dates & Venue

Submission deadline:

Extended submission deadline:

Notification of acceptance:

Camera-ready submission:

Conference date:

August 20, 2026

August 31, 2026

September 20, 2026

September 27, 2026

October 8, 2026

Venue:

University of Primorska,
Faculty of Mathematics, Natural Sciences and Information Technologies,
Glagoljaška 8, SI-6000 Koper, Slovenia

Keynote Speakers

Eric Gottlieb

Associate Professor at Rhodes College, Memphis, US

Title: *The Evolving Impact of AI on the Practice of Mathematics*

Eric Gottlieb is an Associate Professor in the Department of Mathematics and Statistics at Rhodes College. His training is in algebraic, enumerative, and topological combinatorics, but he has also published in combinatorial game theory, Ramsey theory, and graph theory. A believer in the cultural and educational benefits of international scholarly exchanges, he was a Fulbright Scholar at the University of Talca in Chile from 2004 - 2005 and is currently on Fulbright at the University of Primorska. He is an advocate for the liberal arts educational model.

Domen Vake

PhD student at University of Primorska, FAMNIT, Slovenia

Title: *Bridging the Question–Answer Gap in Retrieval-Augmented Generation: Hypothetical Prompt Embeddings*

Domen Vake received the B.S. and M.S. degrees in computer science from the University of Primorska (UP), Slovenia. He is currently pursuing the Ph.D. degree in computer science with the Faculty of Mathematics, Natural Sciences and Information Technologies (FAMNIT), Department of Information Sciences and Technologies (DIST). Previously, he was a Programmer with InnoRenew CoE. He is an Assistant Researcher with InnoRenew CoE and UP FAMNIT. His research interests include artificial intelligence with a larger focus on large language models and their usage.

Submission Guidelines

Papers should be submitted via the EasyChair system:
<https://easychair.org/conferences/?conf=scores26>

The length of the paper is limited to **4 pages**. Authors are strongly encouraged to use the template available on the website:
<https://www.scores.si/assets/template.zip>

At least one author of each paper must be a student. MSc students must write their papers in English. BSc students may choose between English or Slovene.

Evaluation Criteria

The program committee will rank submissions based on:

Novelty:	Is the material novel? Are contributions clear?
Technical validity:	Is the paper sound and well-cited?
Validation:	Are claims empirically or theoretically substantiated?
Presentation:	Is the paper well-organized and readable?

Accepted papers will be designated for either oral or poster presentation.

Best Paper Award

The program committee may designate up to three papers accepted to the conference as **SCORES Best Papers**. Every submission is automatically eligible for this award.

Committees

Program Committee:

Klemen Berkovič, Marko Bizjak, Lucija Brezočnik, Andrej Brodnik, Nina Chiarelli, Uroš Čibej, Jani Dugonik, Iztok Fister Jr., Luka Fürst, Štefan Kohek, Matjaž Krnc, Niko Lukač, Eneko Osaba, Jan Popič, Peter Rogelj, Domen Šoberl, Lovro Šubelj, Grega Vrbančič.

Organizing Committee:

Nina Chiarelli, Matjaž Krnc, Domen Šoberl
